Our care within the International School of Breda naturally meets the strict quality requirements regarding available space, interior decoration and trained personnel. The personal attention, development and education of every child will be paramount. Our enthusiastic personnel will ensure your child has a fantastic time.

ISB childcare is part of the Kober groep and holds the HKZ Quality Certificate (ISO 9001). Kober groep offers weekly childcare at more than 150 locations in daycare, after school care, preschool and with more than 200 host parents in the West of Brabant.

The Dutch Government reimburses a substantial portion of the cost of childcare (age 0-12 years). The reimbursement is provided by the Dutch Tax Office in the form of a childcare allowance. This allowance is available for some parent(s), depending on income, amount of hours worked by parent(s). It is not applicable for children of secondary school age.

This survey shows preliminary gross fees. The fees are valid until 31-12-2012. The General Conditions of Dutch childcare apply to these fees. Childcare is exempt from VAT. No rights can be derived from this document.

Our day care team quickly enables children to feel safe and at home. Playing, sharing, learning and growing up together. Children have their own group at the ISB day care centre. Every group is supervised by permanent contract staff and has its own play and sleep areas. Children from 3 to 4 years will be prepared for the International Primary Curriculum, so that the transition to reception can be made smoothly.
